

## Enrollment Overview

Family Christian Academy does not discriminate against students on the basis of sex, race, color, and national or ethnic origin; and thus admits students of any race, color, national and ethnic origin, to all the rights, privileges, programs and activities made available to the students at the school.

However, as a private religious school with a specific purpose, philosophy and faith, acceptance for enrollment is considered a privilege and not a right of any student. As such, certain spiritual, academic and behavioral qualifications are required for acceptance into Family Christian Academy's program.

As a part of the enrollment process, all students are required to pretest and be reviewed through various screening procedures for enrollment consideration. Upon acceptance, the parent(s) or guardian(s) are required to sign a parent/school agreement by which the home and school can educate and work in harmony together. In addition, a Standard of Conduct Agreement is required by all upper elementary, middle, and high school students to sign before final enrollment.

In essence, Family Christian Academy can only fulfill its purpose when both the family and student qualifies and comes into understanding and agreement to support that purpose together.

All students are required to participate in daily prayer, Bible classes and weekly chapels by which salvation through the Lord Jesus Christ and living out the Christian lifestyle will be taught and proclaimed.
